The Charter Renewal Process entails a thorough review of a charter school's performance history throughout its contractual period.

### Renewal

Requirements related to Florida charter schools may primarily be found in § 1002.33, Fla. Stat. The Charter Renewal Process is reflected in section 7(c) – Charter.

What is required for a charter school contract to be renewed?

### Charter Law F.S. 1002.33 (7)(c)(1)

A charter may be renewed provided that a program review demonstrates that the criteria in paragraph (a) have been successfully accomplished and that none of the grounds for nonrenewal established by paragraph (8)(a) have been expressly found. The charter of a charter school that meets these requirements and has received a school grade lower than a "B" pursuant to s. 1008.34 in the most recently graded school year must be renewed for no less than a 5-year term except as provided in paragraph (9)(n). In order to facilitate long-term financing for charter school construction, charter schools operating for a minimum of 3 years and demonstrating exemplary academic programming and fiscal management are eligible for a 15-year charter renewal. Such long-term charter is subject to annual review and may be terminated during the term of the charter.

STANDARD 5(C)	A Quality Sponsor Will:
Cumulative Report and Renewal Application	<ul> <li>Provide to each school, in advance of the renewal decision:</li> </ul>
	<ul> <li>A summary of the school's performance record over the term of the charter, and</li> </ul>
	<ul> <li>A statement of the sponsor's summative findings concerning the school's performance and its prospect for renewal, and</li> </ul>
